# SILVER TIP

APPLE TREE SERIES

GLUTEN FREE

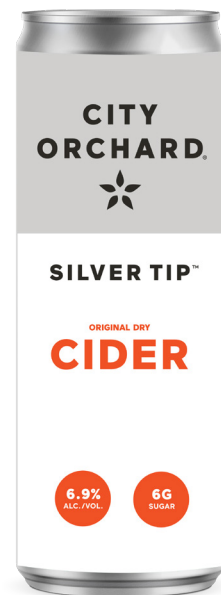

GO TEXAN.

**Silver Tip** is our original hand-crafted dry cider. Made with a blend of tree-ripened, heirloom and culinary apples, Silver Tip is a refreshing and complex cider that pairs well with any occasion. As the apple tree awakens from its winter slumber, the fruit bud separates at the tip, exposing silver tissue. It is only a matter of months before the Silver Tip becomes an apple that we press and craft into this refreshing cider.

## CIDER MAKER'S NOTES

Silver Tip is based on one of our early projects and is our first commercially produced cider. Originally referred to as Barrel 3, Silver Tip is a modern style cider featuring the Northern Spy heirloom apple variety. Northern Spy is blended with another heirloom, Idared, and several culinary varieties to achieve the desired character. We ferment Silver Tip in stainless steel and use a clean Champagne yeast to maintain the character of the fruit.

- AROMA:** Vibrant aromas of fresh cut apples, citrus zest, honeysuckle, banana leaf and apricot.
- INGREDIENTS:** Fresh apples, cane sugar, sulfites.
- APPLES:** A blend of Northern Spy Heirloom and culinary apples.
- FLAVOR:** Crisp and fresh rounded palate of ripe apples and citrus fruit with a bright mineral finish.
- PAIRINGS:** Duck Confit, Fish Tacos, Chicken Paillard, Yellow Curry, Blue Cheese & Cured Meats, Ceviche.
- COLOR:** Silver Gold
- ABV:** 6.9%

**AVAILABILITY** Year Round

*City Orchard is an orchard-based cidery in Houston with family-owned orchards in the Great Lakes region. We press carefully selected apples on the farm, truck the juice to Houston, and produce traditional ciders in an urban setting – we are an orchard in the city. A little unorthodox – but this is Texas. We manage the process from tree to glass. Real Apples, Real Cider.*
